**SASKATCHEWAN FIRST NATIONS
NATURAL RESOURCE
CENTRE OF EXCELLENCE**

Your Host

The **Saskatchewan First Nations Natural Resource Centre of Excellence (SFNNRCE)** is a unique institution wholly owned by the 74 First Nations in Saskatchewan with a mandate to support our participation in the responsible development of energy and natural resources within our Treaty lands and traditional territories.

The SFNNRCE is directly accountable to grassroots First Nations in Saskatchewan through its 12-member Board of Directors comprised of elected leadership representing each of the ten provincial Tribal Councils, Independent Nations in the province and the Federation of Sovereign Indigenous Nations (FSIN).

The **Saskatchewan First Nations Energy and Natural Resource Forum and Leadership Summit** will celebrate First Nations culture and history while fostering strong foundations for collaboration to drive the future success of Saskatchewan's energy and resource sectors.

“This Forum will set the groundwork for building mutually beneficial partnerships with government and industry that respect First Nations sovereignty and ensure sustainable development alongside our traditional cultural values.”

Sheldon M. Wuttunee
President & CEO
